

At Pizza Hut, we love speaking to our customers and looking for new ways to best serve them. This means responding to changing consumer demand and making sure each of our Huts offers menu items which cater for their local community. As a result, we have rolled out a halal trial at 12 stores to bring our customers even more choice and make our signature flavours even more accessible to pizza lovers across the UK.

Those 12 stores are Edgbaston, High Wycombe, Ponders End, Pollokshields, Bethnal Green, Southall, Arndale Shopping Centre (Express), Barking, East Ham, Forest Gate, Otley Road and Kings Heath

All meat in trial stores will now be halal certified, so customers can add the following delicious toppings to their favourite pizza:

Halal seasoned beef

Halal beef pepperoni

Halal turkey

Halal chicken topping

Halal beef bacon

In our Halal restaurants we will not handle any pork ingredients. All pork items have been substituted with beef, turkey, or chicken alternative and our sides are also suitable for vegetarians.

Our meat supplier has been accredited by Irish halal certification authority, the Islamic Foundation of Ireland (IFI), to make sure products are halal certified. For more information, please visit www.islamicfoundation.ie

To prepare for the trial, the Hut has been deep-cleaned, old stock has been moved and replenished with our halal compliant menu items.
