

ALLERGY INFORMATION

LET US KNOW IF YOU NEED HELP WITH THE INFORMATION IN THIS BOOKLET

At Pizza Hut Restaurants, we offer a range of food and dining options to cater for your lifestyle choices - we call this 'Taste Freedom', however with freedom comes responsibility and your health and wellbeing is our number 1 priority.

In the Hut we use lots of fresh ingredients, most of our pizzas are topped with dairy cheese and our menus change on a regular basis. We also prepare our food in one kitchen and whilst we have strict controls and standards from field to fork, please be aware that we cannot guarantee that any of our food is 100% allergen free.

If you, or anyone with you today, has a food allergy, please check our Dietary Information Booklet and consider carefully whether you can dine with us.

Many thanks and eat safe

KEY & INTERPRETING THE DATA

Allergy data in the table has been derived from specifications obtained from the suppliers of the products. We have taken all reasonable steps to ensure that this table is accurate at the time of publishing (June 2021).

The '●' indicates that the allergen is **contained** and **present** in this item.

The '○' means that this allergen is present in the manufacturing site/factory/supply chain, therefore our suppliers believe there is a **risk** that this allergen could **cross contaminate** the food.

The '●*' indicates that the allergen is contained in Pan, (Vegan) Stuffed Crust and Cheesy Bites bases for pizza combinations using tomato sauce.

All fried products may contain gluten, milk, egg, soya, mustard, celery and sesame due to cross contamination during the frying process.

The Nut column indicates the presence of the following; almonds, brazils, cashews, hazelnuts, macadamias, pecans, pistachios, walnuts & their respective derivatives.

Our allergen information will be kept up to date and should be checked each time you dine with us, as we may update recipes. Our teams cannot recommend or tell you what is suitable for you to eat or drink.

GLUTEN FREE PRODUCTS

Allergies – Unfortunately, we can't guarantee any of our food is 100% allergen free.

We cook up a storm, preparing all of our delicious food in the same place; so there's a risk of cross contamination with allergens, **especially milk as we use lots of dairy cheese.**

If you, or anyone with you today, has a food allergy, please check this Dietary Information Booklet and consider carefully whether you can dine with us.

Our  pizzas and the processes involved in preparing them have been checked by Coeliac UK and verified through annual audits.

The  symbol denotes gluten free foods that contain gluten at a level no more than 20 parts per million.
